

# Heart Disease

Some Facts Regarding the Rapid Increase of Heart Trouble.

Heart trouble, at least among the Americans, is certainly increasing, and while this may be largely due to the excitement and worry of American business life, it is more often the result of weak stomachs, of poor digestion.

Real organic disease is incurable; but not one case in a hundred of heart trouble is organic.

The close relation between heart trouble and poor digestion is because both organs are controlled by the same great nerve, the Sympathetic and Pneumogastric.

In another way, also, the heart is affected by the form of poor digestion, which causes gas and fermentation from half-digested food. There is a feeling of oppression and heaviness in the chest caused by pressure of the distended stomach on the heart and lungs, with their action, hence arises palpitation and short breath.

### Clearance Prices on All Tailor-made Gowns.

This clearance sweep covers the range from the lowest to the highest-priced Gowns in stock. The reductions are extraordinarily great. For instance:

Suits worth up to \$35 and \$37.50 go for \$19.75

Suits that commanded very much more go for \$24.50

Suits worth from \$45 to \$57.50 go for \$32.50

Thus it may readily be seen that these are by far the most notable Suit offerings from a value standpoint of the season, and should command the fullest attention of all women interested in high-class garb.

## Taffeta Silk Etons, \$12.

Worth from \$20 to \$27.50.

These jaunty garments are very much in vogue this season—and will be much in evidence at summer resorts—because they so conveniently supply the want between shirt waist and jacket.

It is very unusual to be offered such high-class, stylish garments at less than half price. Made of extra quality Black Taffeta Silk, in about twelve different styles. This is an interesting subject to us, and we can talk in the strongest manner about it—because we can meet the greatest value expectations. Sizes 32 to 42.
